

Can't Help Falling In Love

[Andrea Bocelli](#)

Wise man says
Only fools rush in
But I can't help
Falling in love with you

Shall I stay?
Would it be a sin?
If I can't help
Falling in love with you

Like a river flows
Surely to the sea
Darling so it goes
Some things are meant to be
So take my hand
Take my whole life too
For I can't help
Falling in love with you

Some things are meant to be...

Take my hand
Take my whole life too
For I can't help
Falling in love with you

For I can't help
Falling in love with you?
