

Youth

Goldfinger

In my life
Been all the places that I dreamed of since I was a kid
Bury the past
I'm getting on with things I never thought I'd get through
So now I know
I don't know anything
Except I notice that you're still here
I don't want anything
Well that's a lie because I want you here with me
I made mistakes
I've done some things that I just wish I could go back and change
But now I'm here
And now I know that I can learn from those things that I've done
So now I know
I don't know anything
Except I notice that you're still here
I don't want anything
Well that's a lie because I want you here with me
Don't want it back
I like who I've become
I'm right on track
I'm feeling half as young as I did when I was a kid
In my life
Been all the places that I dreamed of since I was a kid
I don't know anything
Except I notice that you're still here
I don't want anything
Well that's a lie because I want you here with me
So now I know
