

Can You Deal With It

Duran Duran

(words and music: Duran Duran)There must be somebody

Wholl make love to me.

Blow the rules away

And trash these yesterdays.

Live in simpathy

Use psychology.

To find the twist in me (ah-ha)

Can You Deal With It? (oowa)

Can You Deal With It?

Can You Deal With It? (oowa)

Can You Deal With It? Can You Deal With It?

When you aint sorry? (Can You Deal With It?)

For all that you appologise (Can You Deal With It?)

Working up to something,

I know youre up to something...

Yeahhhh...

Can You Deal With It? (somethings got to happen)

Can You Deal With It? (somethings got to get me up)

Say you deal with it? (but nothing never happens)

Can You Deal With It? (cos nothings ever good enough)

Say you deal with it? Can You Deal With It? (somethings got to happen)

Can You Deal With It? (somethings got to get me up)

Say you deal with it? (but nothings gonna happen)

Can You Deal With It? (cos nothings ever good enough)

Say you deal with it?
