

# Sad Cory-O-Grapher

## Xiu Xiu

He talked to me like I was smart  
He sexed me up  
All the time I did not get it, was this my time to shine  
I did not get it, had my luck finally turned  
LA LA LA LA LA  
I saved up to take him out at night  
He said the restaurant was all wrong  
He said he had a dream about me, and in that dream I was beautiful  
I made him a present, it was a photograph of me  
I did not get it, he said it did not cost me anything
