At Night I Pray

Wild Orchid

So alone and this room feels so cold
No one to care and no one to hold, no
Yeah the Lord knows
That I'm needin' somebody like you, just like you
Can you see the passion burnin' in my eyes?
Do you sense the rush you give my heart?
And if you knew the secret way I feel for you
Would you come runnin' to me or would you turn away?
At night I pray
With hope and faith
As I lay me down to sleep
I pray together we will be
And there will come a time
You'll be mine, all mine
And I'll be yours always
But until' that day comes at night I'll pray
Should I feel these emotions inside me?
Should I reveal what's locked up in my soul?
I'm so afraid but it's something that you've got to know
Oh, got to know
How I want to touch you every time you're near
I long to feel, your body next to mine yeah
And if you knew the secret love I have for you
Would you come runnin' to me or would you turn away
At night I pray

With hope and faith
As I lay me down to sleep
I pray together we will be
And there will come a time
You'll be mine, all mine
And I'll be yours always
But until' that day comes at night I'll pray, oh yes
If all my prayers were answered
Our hearts would be enraptured
We would find our Heaven
Inside each other's arms
This lonely room would finally see the sun shine through
But until' that day every night I'll pray

I'll get down on my knees
I'll get down on my knees and pray
With hope and faith
As I lay me down to sleep
I pray together we will be
And there will come a time
You'll be mine, all mine
And I'll be yours always
But until' that day comes at night I'll pray
Until' that day comes at night I'll pray, oh yeah
Until' that day comes at night I'll pray
