Meant To Be

Human Nature

And when I saw myself
I started to cry
You held me
I'll do anything you tell me
'Cause you and I are meant to be
I feel it when we touch
You're the first one who
Could love me so much
You find a wall and break it down
You uncover a lie, the truth is found
You're good for me
It's meant to be, oh yeah
And when I kiss you
I always close my eyes
It feels so incredible
Like your blood flows through mine
We are one
Your smile's so warm
And bright like the sun
'Cause you and I are meant to be
I feel it when we touch
You're the first one who
Could love me so much
You find a wall and break it down
You uncover a lie, the truth is found
You're good for me
It's meant to be, oh yeah
It's a miracle, it's a miracle
It's a miracle, oh yeah
'Cause you and I are meant to be
I feel it when we touch
You're the first one who
Could love me so much
You find a wall and break it down
You uncover a lie, the truth is found
You're good for me
It's meant to be, oh yeah
