Rsvp

Rod McKuen

I got an invitation for you
A little temptation for you
A night in your honor a secret rendezvous
I can almost see your face at my door
I don't want to have to wait anymore
I know my offer might be long overdue
RSVP, it's a private affair
I just won't believe that you don't care
RSVP, only you and me
I'll be waiting till you answer me, yeah
Please don't hesitate, I'm waiting for you
You can't have nothing more important to do
Deep in the nighttime hear me talk to you
RSVP, it's a private affair
I just won't believe that you don't care
RSVP, only you and me
I'll be waiting till you answer me, go!
RSVP, it's a private affair
I just won't believe that you don't care
RSVP, only you and me
I'll be waiting till you answer me, yeah
