

This Is Goodbye

Never Heard of It

Another perfect day
I can't remember when
i've ever felt like this
Yeahhhhhhhh,
This is my chance to get away
Start with nothing that's fine send a postcard and say goodbye,
This is goodbyeCan't you see
That it's over but just a new start for me,
Its the best that i can do, keep this with you, flip it over that's where i'll be
Im sorryDon't plan on coming back
Leave behind everything
For once do something right
Yeahhhhhhhhhhhh
No one believed half of what i'd say
But it's different this time here's my post card to say goodbye
This is goodbyeCan't you see
That it's over but just a new start for me,
Its the best that i can do, keep this with you, flip it over that's where i'll be
Im sorry
