Detonator

Running Wild

Getting loaded, the heat is on
A bomb exploded, I'm getting hun
The body's raging, well, I see red
No more caging, 'til the hunger's fed-Words of thunder, storm breaks loose
Now, going under, no way to move
I'm a flash of lighting, cracking to the ground
The heat is melting, release is foundT.N.T. is the deepest part of me
Dynamite, the stuff to get it right
DetonatorI smash your mirror, saw the truth behind
Gone to zero, I'm not blind
Toxic terror, that's what you are
Insulting error has gone to far[Pre & Chorus...]Getting loaded, the heat is on
A bomb exploded, I'm getting hun
The body's raging, well, I see red
No more caging, 'til the hunger's fed[Pre & Chorus...]
