

# Strong Hand

## CHVRCHÎŽS

Remember the time, I needed more than loving  
The reassurance that someone cared for me  
You gave completely, with no conditions added  
I'm standing by you for your time of need, you will see  
    Lean on me  
    I'm your strong hand  
    I'm your strong hand  
    Lean on me  
    I'm your strong hand  
    I'm your strong hand  
Let me enfold you, in love that feels familiar  
I see you're hurting, I'll take your pain away  
    Rivers of sorrow flow only for a season  
    Into the sea of tranquility, you will see  
    Lean on me  
    I'm your strong hand  
    I'm your strong hand  
    Lean on me  
    I'm your strong hand  
    I'm your strong hand  
    Ah yeah, lean on me  
You will see you're in my safety zone  
  
    You know  
    That my hand is strong  
    Lean on me  
You will see you're in my safety zone  
    (You know)  
    That my hand is strong  
    You, you can lean  
    Yes you can  
    You can lean, ooh ooh  
    Lean on me  
    I'm your strong hand  
    I'm your strong hand  
    Lean on me  
    I'm your strong hand  
    I'm your strong hand  
    Lean on me

I'm your strong hand  
I'm your strong hand  
    Lean on me  
I'm your strong hand  
I'm your strong hand
