

# Gorgeous (Tracy Young Remix)

## Idina Menzel

In a perfect world, in another time  
In a far off place we wouldn't need to justify  
    Everything we are  
    And all that we believe  
    We could finally be  
    Whoever we both want to be  
    And when we can't be heard,  
    And when we can't be seen  
        I will call you close and  
You will reach for meWhen all of the beauty turns to pain  
    When all of the madness falls like rain  
        As long as we crash and we collide  
We will be gorgeous, you and IThrough the window pane,  
    Through the bedroom door  
        This city wants to fight  
    But it can't touch us anymore  
        We have come so far,  
        We have shed our skin  
The more that's taken from us now,  
    The more we have to give  
    And when we can't be heard,  
    And when we can't be seen  
        I will call you close and  
You will reach for meWhen all of the beauty turns to pain  
    When all of the madness falls like rain  
        As long as we crash and we collide  
We will be gorgeous, you and IAnd when we are drowning in the noise  
    I'm gonna stop to hear your voice  
        As long as we crash and we collide  
We will be gorgeous, you and I(We'll be gorgeous)  
    (We'll be gorgeous)  
        In the perfect time  
    (We'll be gorgeous)And when we lose our faith  
        In all that's beautiful  
You lift me to this placeWhen all of the beauty turns to pain  
    When all of the madness falls like rain  
        As long as we crash and we collide  
We will be gorgeous, you and IAnd when we are drowning in the noise  
    I'm gonna stop to find your voice

As long as we crash and we collide  
We will be gorgeous, we will be gorgeous  
(you and I)And when I lose my faith  
I don't know what to do  
You lift me to this place  
And make me feel so beautiful  
As long as you're right here by my side  
We will be gorgeous, you and I
