

# The Ghost of Charlie Barracuda

## The Devil and The Almighty Blues

Hiding behind every smell  
Hiding behind every song  
Hiding behind every gift  
Heavy ghost, Heavy dragons

Take the healer, the season  
Take the healer, the snow  
Take the healer, the freezing  
Heavy ghost, heavy dragons

Pay no mind to tradition  
Pay no mind to the joy  
Pay no mind to celebration  
Heavy ghost, heavy dragons

Look away from the window  
Look away from the cold  
Look into the mirror  
Heavy ghost, heavy dragons

Look Away  
Look Away  
Look into the mirror

Heavy ghost, heavy dragons
