

Spoon

Chaka Khan

I got me some cookin'
Not all that good lookin'
He's mighty sweet to me
That's how he's keepin' me
I ain't worried 'bout the future
The here and now is lookin' cuter
I like his recipe
That's why I'm layin'
You are just like my favorite spoon
'Cause you stir me up
I'm as full as a harvest moon
Still I need more in my cup
And only you can give it to me
Am I happy?
(I think so)
Don't be so emotional
(I can't help it, no)

Will he be there?
(I think so)
It's one thing that I do know
This I know
Everybody needs to feel it
Can't beg, borrow or steal it
Love is all about lovin'
When it's hot like an oven
I ain't worried 'bout the future
The here and now is lookin' cuter
Got plenty o' time for sortin'
'Cause Mama's little baby loves her shortnin' bread
You are just like my favorite spoon
'Cause you stir me up
I'm as full as a harvest moon
Still I need more in my cup
And only you can give it to me
