

crazy? yes! dumb? no!

The Mint Chicks

Come on girl just come 'round
I may be crazy but I'm not dumb
Why're you looking so down?
When you're so wired?
Why go into town?
Come over to my house
Come on girl just come 'round
I may be crazy but I'm not dumb
I may be crazy but I am not too young
to love you
I won't be fooled again
oh no

BRIDGE:

Then again what's so bad about dying? (x3)
If I ever told you I was not afraid
I would be lying
