Angels Coming Down

Thoja

ANGELS COMING DOWN - Thoja

Lord, am here to reveal what you showed me,
Concerning the end of this world - in this song
Use this song to change the hearts of many,
That they will follow you all the days of their lives
Hallelujah

Chorus: I can see angel coming down x 4

VERSE 1
Oh yeahâ€¦they come in to judge the world,
Theyâ€™re coming to reward the righteousness,
Are you ready to meet Jesus Christ?
Theyâ€™re coming in His glory; theyâ€™re coming in His power
His chariots has taken over the cloud
Shining - more than the brightest if the sun
Rushing towards the earth as golden lights of the cloud
And I can see thunder strikes,
Hitting the earth, and it became as a furnace of smoke
People running off to the mountains

CHORUS - I can see angel coming down x 2

And behold He is coming in His chariots
In a golden bright light in the cloud
And I can see, between the old world and the new world
There is a path as though it was a tild road
By my left is the oldest solate world
On my right is the new world, beautiful as the garden of the LORD
Everyone leave in peace and harmony,
Including the beast of the sea,
No more fighting, no more quarrel
They are living as one x4
In unity
CHORUS X2

The Lord is coming down,
(Hail)
Everybody hail Jesus Christ

(Hail)
Everybody hail the king of kings
(Hail)
Everybody hail His power
(Hail)
Everybody hail Jesus Christ
(Hail)
Everybody hail His glory
(Hail)
Everybody hail the king of Kings
(Hail)
Everybody hail His power
(Hail)

And I saw an image made of gold hanging in the sky
It was held by two springs, touching two cities in the world
It appears in three different forms
It is the sprit of the devil leading people in government
All over the world so that they can lead the children of God astray
But their end is coming
