Mind Control

Chris Nunchaku

Yeah, yeah, yeah, now tell you what
It's mind control, mind control
Corruption of your thoughts, yeah
Destruction of your soul
Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul
Don't let them mold your mind
They wanna control mankind
Seems like their only intention
Is to exploit the earth, yeah
And you trust in their deceit
Your mind causes your defeat
And so you become an invention
To distort this earth
Propaganda and lies
Is a plague in our lives
How much more victimized
Before we realize? Hey
It's mind control, mind control
Corruption of your thoughts, yeah
Destruction of your soul
Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul
Ooh, Grandmaster
Let the people go
You put them in total confusion
To downs-troy their soul
For they practice what You preach

So they're always in Your reach
Hi-tech slavery in these days
It's mind control
They'll make it attractive to get man distracted
Corrupting your soul, polluting your soul
Destroying your soul, mind control
Mind control
Corruption of your thoughts, yeah

Destruction of your soul
Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul
Yeah, yeah, yeah
Come on and get it together, brother man
What, what you say?
It's mind control, mind control
Corruption of your thoughts
Yeah, yeah, destruction of your soul
Mind control, it's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see)
It's mind control
Corruption of your thoughts, yeah
Destruction of your soul
(The truth is there for us to see, the truth is there for us to see)
