Front Seat Show

Koe Wetzel

Donâ€™t turn your feelings into hey
There ainâ€™t no time to waste.
Cause being alone can do it to you, yea and it will do it to ya.
I still drank for two months before I said bye, if I said that I wasnâ€™t you now know that I lied. I still donâ€™t know
what I want and I canâ€™t sleep cause I stay stoned.
And I might miss you and I might even care.

You wanted more than a front seat show in a Smokey bar with drink specials all night.
You didnâ€™t know it would be this difficult to love a man who wants this life.
Iâ€™m so sorry for the things I put you through girl you have to know that I am. You wonâ€™t forget it tomorrow but d
the best that you can.

Two years didnâ€™t seem that long and I didnâ€™t want it to end that way.
Itâ€™s pretty shitty on my part to let you go without nothing to say. Now itâ€™s been sometime and my mind ainâ€
changed, that bottles been dry and I ainâ€™t complained. I still might miss you I might even care.

You wanted more than a front seat show in a Smokey bar with drink specials all night.
You didnâ€™t know it would be this difficult to love a man who wants this life.
Iâ€™m so sorry for the things I put you through and girl you have to know that I am. You wonâ€™t forget it tomorrow
but do the best that you can.

You wanted more than a front seat show in a Smokey bar with drink specials all night.
You wanted more than a front seat show in a Smokey bar with drink specials all night.

Your didnâ€™t know it would be this difficult to love a man who wants this life. Now
Iâ€™m so sorry for the things I put you through girl you have to know I am. You wonâ€™t forget it tomorrow, you wo
forget it tomorrow. But do the best that you can, do the best that you can!
