

# She's My Summer Girl

Jan & Dean

11 bees, 4 wasps, a turtle  
11 bees and a bumblebee Well, I met her at the grad night party this year  
(De dum, dum, dum, dum, de dum, dum, dum)  
I held her real tight and whispered in her ear  
"Come on and be my summer girl" She's my summer girl, you know we're havin' fun  
She's my summer girl, to me she's no.1 I take her out surfin' with all the guys  
(De dum, dum, dum, dum, de dum, dum, dum)  
And man, you oughta see them roll their eyes  
At my sweet little summer girl She's my summer girl, you know we're havin' fun  
She's my summer girl, to me she's no.1 Ooh, de dum, dum, dum, dum, de dum, dum, dum  
Ooh, she's my summer girl She's my summer girl, you know we're havin' fun  
She's my summer girl, to me she's no.1 I wonder how it's gonna be when summer's through  
(De dum, dum, dum, dum, de dum, dum, dum)  
I have to quit all the groovy things we do  
And forget my summer girl She's my summer girl, you know we're havin' fun  
She's my summer girl, to me she's no.1 She's my summer girl, you know we're havin' fun  
She's my summer girl, to me she's no.1 She's my summer girl, ooh  
She's my summer girl, to me she's no.1
