

# 'till I Can Make It On My Own

Kenny Rogers

I'll need time to get you off my mind  
And I may sometimes bother you  
Try to be in touch with you  
Even ask too much of you from time to time  
Now and then  
Lord, you know I'll need a friend  
Till I get used to losing you, let me keep on using you  
Till I can make it on my own  
I'll get by but no matter how I try  
There'll be times you'll know I'll call  
Chances are my tears will fall  
And I'll have no pride at all from time to time  
But they say, oh, there'll be a brighter day

But till then I lean on you  
That's all I mean to do  
Till I can make it on my own  
Surely someday I'll look up and see the morning sun  
Without another lonely night behind me  
Then I'll know I'm over you and all my cryin's done  
No more hurtin' memories can find me  
But till then  
Lord, you know I'm gonna need a friend  
Till I get used to losing you, let me keep on using you  
Till I can make it on my own  
Till I can make it on my own
