Still Lost

Tom McRae

So my love I
Left this world for a while
For a while

I float through strange days
Search the one way to
Bring me back to you

So don't let me go
Don't let me go
Don't let me go
From here

'cause I'll be still lost
I'll be still lost
I'll be still lost
I'll be still lost
When you come
When will you come
To look for me

If I was to
Call you
Would you come
And if I was to
Call you
Would you come
Oh my love
When will you come to look for me

'cause I'll be still lost
I'll be still lost
I'll be still lost
I'll be still lost
When you come
Why don't you come
To look for me?
