

Blown Away

DOGSTAR

I miss the way you smell
I miss the time we had
I pushed it to the end
I threw myself down again I miss the light I miss the day
I'm on the ground I'm blown away
In a world that's gone I need
Another day
Blown away I miss the way you stayed
I will return there someday
I pushed it to the end
I threw myself down again I miss the light I miss the day
I'm on the ground I'm blown away
In a world that's gone I need
Another day
Blown away
