# Outlaw Lover

## Traci Lords

To this one horse town
Turned my whole life
Upside down
Branded me his little flower
Smelled of Whiskey
And his kiss was sour
I was a gunslinger
Itching for a fight
A hell bent bitch
Riding the night
I went on down to Hoot Owl Hollow
Knowing that trouble would surely followBang Bang
He's an outlaw lover
Bang Bang
Better run for cover
Bang Bang
He's an outlaw lover
You best be warned
I'm a woman scornedWith the wink of my eye
And the toss of my hair
I give my love
A deadly stare
Cause everyone knows all over town
Let's settle the score come sun downBang Bang
He's an outlaw lover
Bang Bang
Better run for cover
Bang Bang
He's an outlaw lover
You best be warned
I'm a woman scorned
