Ever (Foreign Flag)

Team Sleep

You make that dance look so new
and I'm on
A face like you've never seen
I'm yours
Tonight
So come on

Light up the stage
So we can all take off anywhere
We'll never come back
Ever.....

You wear that cast so cool
And I'm on
A face like you've never seen
Before
Around
So come on
Yeah

Light up the stage
so we can all take off anywhere
We'll never come back
Ever...

Light up the stage
You picture us all of us everywhere
We'll never come back
Ever...
