Zero (Bonus)

Alter Bridge

Now there is a light in the dark some will say
There is a grace up high
There is a beauty that some can behold
Not I. Not I.
There is a power that's felt from the shore
There is a force that won't break
But all of these things to me are no more
I've changed. I've changed.What in the hell have you done
Cast aside all that you love
Sorrows you never out runZero.
Nothing for you's ever good enough
Zero
Nothing makes you wholeHow many times have you felt all alone
How many tears have you cried
Called out in vain for a god to behold
Inside. Inside
How many fires you let die in your heart
How many storms must you face
Left out to fight for yourself in the cold
No faith. No faith.So nothing to lean on this time
Nothing is left to decide
All that you've known you denyZero
Nothing for you's ever good enough
Zero
Nothing makes you whole
Zero
Nothing for you's ever good enough
Zero
Nothing makes you wholeGo now surrender
You can't take no more
And just cry out
Surrender your faith is no moreWhat in the hell have you done
Cast aside all that you love
Sorrows you never out run
Just look what you have become.Zero
Nothing for you's ever good enough
Zero
Nothing makes you whole
Zero

Nothing for you's ever good enough
Zero
Nothing makes you whole
