

Abuse Me

Silverchair

Need to ask you questions
Calling out my name
Nothing seems to bother
Wish I had a clue C'mon abuse me more I like it Well I don't think you like me
Well I hate you as well
No one seems to like you
Wish I couldn't tell C'mon abuse me more I like it
C'mon keep talking 'cause it's true
C'mon abuse me more I like it
C'mon keep talking 'cause it's true Throw the sailors overboard
Throw the sailors overboard
Throw the sailors overboard
Throw the sailors overboard, overboard C'mon abuse me more I like it
C'mon keep talking 'cause it's true Throw the sailors overboard
Throw the sailors overboard
Throw the sailors overboard
Throw the sailors overboard Throw the sailors overboard
Throw the sailors overboard
Throw the sailors overboard
Throw the sailors overboard, overboard
