Spark In The Dark

Alice Cooper

Welcome to the party
It's only me and you
Tell the world to go away, babe
And I'll tell you what to do
Come over here and kiss me
I want to pull your hair
Turn out the lights and hold me
I want to touch you everywhereWe don't need nobody, baby
We don't need champagne
I'll take you to the deepest
Darkest, hottest, lovers' laneFor a little spark in the dark
Just a little spark in the dark
Don't matter where we sleep
Don't matter where we park
All we need is a spark, spark
Spark in the dark
Spark in the dark
Just a little spark in the darkCome around midnight
We'll be crawlin' on the floor
Burnin' with the fever
And yellin' out for more
But don't you write it in your diary, baby
Don't blab it on the phone
'Cuz if your mom and dad find out
They'll skin me to the boneNow we don't need instructions baby
Don't you be afraid
It takes a little friction ha-ha
That's how our love is madeFrom a little spark in the dark
Just a little spark in the dark
Don't matter what you say
No matter what you do
As long as it is me and you
We got a spark in the dark
Just a little spark in the dark
Yeah, yeah, yeah, yeahWe don't need nobody, baby
We don't need cocaine
I'll take you to the deepest
Darkest, hottest lovers' laneSpark in the dark
Just a little spark in the dark

Don't matter where we sleep
Don't matter where we park
All we need is a spark, spark
Spark in the dark
Spark in the dark
Just a little spark in the darkNo matter what you say
No matter what you do
As long as it is me and you
We got a spark in the dark
Just a little spark in the darkJust a little spark in the dark
Spark in the dark
Spark in the dark
Spark in the dark
I need a spark in the dark
Just a little spark in the dark
Spark in the dark
Spark in the dark
