

# Spark In The Dark

Alice Cooper

Welcome to the party  
It's only me and you  
Tell the world to go away, babe  
And I'll tell you what to do  
Come over here and kiss me  
I want to pull your hair  
Turn out the lights and hold me  
I want to touch you everywhere We don't need nobody, baby  
We don't need champagne  
I'll take you to the deepest  
Darkest, hottest, lovers' lane For a little spark in the dark  
Just a little spark in the dark  
Don't matter where we sleep  
Don't matter where we park  
All we need is a spark, spark  
Spark in the dark  
Spark in the dark  
Just a little spark in the dark Come around midnight  
We'll be crawlin' on the floor  
Burnin' with the fever  
And yellin' out for more  
But don't you write it in your diary, baby  
Don't blab it on the phone  
'Cuz if your mom and dad find out  
They'll skin me to the bone Now we don't need instructions baby  
Don't you be afraid  
It takes a little friction ha-ha  
That's how our love is made From a little spark in the dark  
Just a little spark in the dark  
Don't matter what you say  
No matter what you do  
As long as it is me and you  
We got a spark in the dark  
Just a little spark in the dark  
Yeah, yeah, yeah, yeah We don't need nobody, baby  
We don't need cocaine  
I'll take you to the deepest  
Darkest, hottest lovers' lane Spark in the dark  
Just a little spark in the dark

Don't matter where we sleep  
Don't matter where we park  
All we need is a spark, spark  
Spark in the dark  
Spark in the dark  
Just a little spark in the dark No matter what you say  
No matter what you do  
As long as it is me and you  
We got a spark in the dark  
Just a little spark in the dark Just a little spark in the dark  
Spark in the dark  
Spark in the dark  
Spark in the dark  
I need a spark in the dark  
Just a little spark in the dark  
Spark in the dark  
Spark in the dark
