Thrasher

Evile

Legions mass upon this place
For another night of violent abuse
Maniacs in leather and black
Ready and willing for the attackMetal mayhem running free
Now all around is breaking loose
Fists are flying pulses race
The circle will destroy this placeFeel adrenaline rush
Jump into the pit
Kicking as you push
Braced for the hit
Bow down to the thrasherBlood on the stage, a thousand rage
A thrasher's soul on fire
Chaos spreads across the floor
Bang your head, make it soreMetal madness engulfs the stage
In the pit you come of age
Let battle commence, no space for the weak
The thrasher's dreams are now completeFeel adrenaline rush
Jump into the pit
Kicking as you push
Braced for the hit
Bow down to the thrasher
