

# Thrasher

## Evile

Legions mass upon this place  
For another night of violent abuse  
Maniacs in leather and black  
Ready and willing for the attackMetal mayhem running free  
Now all around is breaking loose  
Fists are flying pulses race  
The circle will destroy this placeFeel adrenaline rush  
Jump into the pit  
Kicking as you push  
Braced for the hit  
Bow down to the thrasherBlood on the stage, a thousand rage  
A thrasher's soul on fire  
Chaos spreads across the floor  
Bang your head, make it soreMetal madness engulfs the stage  
In the pit you come of age  
Let battle commence, no space for the weak  
The thrasher's dreams are now completeFeel adrenaline rush  
Jump into the pit  
Kicking as you push  
Braced for the hit  
Bow down to the thrasher
