Hell Yeah

Dexter Kane

They say he is lonely
They ain?t got big homie
Straight from inter scope
Not all know me
Only reason he succeeded was reverse in
Maybe he was . by duck beat .
They say he is lonely
They ain?t got big homie
Straight from inter scope

Not all know me
Only reason he succeeded was reverse in
Maybe he was . by duck beat .stealing my DNA
. but I don?t give a fuck . forever a part of me
I am gonna have to go on without . highschool
Hide your IQ average man into a psyche
You know I got a big homie ?.do it for the team
It broke my heart . I know who . white is not black
. you are down for the obvious . knowledge coming up in a ?
