

Hell Yeah

Dexter Kane

They say he is lonely
They ain?t got big homie
Straight from inter scope
Not all know me

Only reason he succeeded was reverse in
Maybe he was . by duck beat .

They say he is lonely
They ain?t got big homie
Straight from inter scope

Not all know me

Only reason he succeeded was reverse in
Maybe he was . by duck beat .stealing my DNA
. but I don?t give a fuck . forever a part of me
I am gonna have to go on without . highschool

Hide your IQ average man into a psyche

You know I got a big homie ?.do it for the team

It broke my heart . I know who . white is not black

. you are down for the obvious . knowledge coming up in a ?
