In my heart, heart, heart burning is a strong diseyer mm from the start start start know that you could take me higher.
Got a feeling i need to belive in this love is flowing, is flowing.
ThereÂ´s a fire burning bright and itÂ´s flying up this cold cold night.
I want to bring you closer to me.
I want to let this body heal heal.
ThereÂ´s a fire bright and itÂ´s flying up this cold cold night.
I want to bring you closer to me.
