Whatsername

Green Day

Thought I ran into you down on the street
Then it turned out to only be a dream
I made a point to burn all of the photographs
She went away and then I took a different path
I remember the face but I can't recall the name

Now I wonder how whatsername has beenSeems that she disappeared without a trace

Did she ever marry old what's his face?

I made a point to burn all of the photographs

She went away and then I took a different path

I remember the face but I can't recall the name

Now I wonder how whatsername has beenRemember, whatever, it seems like forever ago

Remember, whatever, it seems like forever ago

The regrets are useless in my mind
She's in my head I must confess
The regrets are useless in my mind
She's in my head, so long agoAnd in the darkest night
If my memory serves me right
I'll never turn back time
