

Profit In Peace

Ocean Colour Scene

All the people under broken homes
Don't wanna fight no more
All the people nursing shattered bones
Don't wanna fight no more
But there's no profit in peace
So we've gotta fight some more And all those who are in foreign lands
Don't wanna fight no more
And all those who lost their feet or hands
Don't wanna fight no more
But there's no profit in peace, boys
We gotta fight some more Hey, we don't wanna fight no more
Hey, hey, hey, we don't wanna fight no more
But there's no profit in peace, boys
We gotta fight some more And all those just trying to play their part
Don't wanna fight no more
And all those who own a human heart
Don't wanna fight no more
But there's no profit in what you want
So we must fight some more And all those who got an axe to grind
Don't wanna fight no more
And all those who got their burning lives
Don't wanna fight no more
But there's no profit in ever being right
So we must fight some more Hey, we don't wanna fight no more
Hey, hey, hey, we don't wanna fight no more
But there's no profit in peace, boys
We gotta fight some more And all the people under broken homes
Don't wanna fight no more
And all the people never going home
Don't wanna fight no more
There is profit in the land you own
So we must fight some more And all those who got a tired face
Don't wanna fight no more
And all those who lost without a trace
Don't wanna fight no more
But there is profit in the love of hate
So we must fight some more Hey, we don't wanna fight no more
Hey, hey, hey, we don't wanna fight no more
But there's no profit in peace boys

We gotta fight some moreHey, hey, hey, we don't wanna fight no more
Hey, hey, hey, we don't wanna fight no more
Hey, hey, hey, we don't wanna fight no more
Hey, hey, hey, we don't wanna fight no more
