Body Speak (feat. Serayah)

Empire Cast

Na, Na, Na, Nah, Na, Na, No!

I been working all week standing on my two feet, shake it off and let it go!
Seen you from across the room, you look like you got that boom, conor is my tempo!

Ive heard it before, i dont wanna hear any more no
You got that something, that I can't resist
And ill show you just what it is
(Oh-Ooh!) Its your touch im craving
Feel the rush, dont say a word
(Oo-oh!) Say No Words! (Oo-oh!)

Sick of talking, make that body speak
Shut your mouth, let it come out your lips
And baby if your worth it, ill give you that service, that body speak, make that body-body speak!

Now the room is spinning
Tipsy off that good drink
Show me what you got in mind
I be lookin' too good
Too good to go home alone
Baby dont you waste my time

Ive heard it before, i dont wanna hear any more no
You got that something, that I can't resist
And ill show you just what it is
(Oh-Ooh!) Its your touch im craving
Feel the rush, dont say a word
(Oo-oh!) Say No Words! (Oo-oh!)

Sick of talking, make that body speak
Shut your mouth, let it come out your lips
And baby if your worth it, ill give you that service, that body speak, make that body-body speak!
