

# Slow Down Baby

Christina Aguilera

Stop, slow down baby  
Slow down baby  
Slow down baby  
Slow down baby Stop, slow down baby  
Slow down baby  
Slow down baby  
Slow down baby  
Stop, slow down baby I can tell that you're into me  
Baby, it's so plain to see  
I can see it in your eyes, you're paralyzed  
Every time I pass you by And you're the kind that gets your way  
Every minute, every single day  
I can see it all in your face, you're blown away  
'Coz I don't want you in my space You're struttin' 'round here  
Like you think that I can't do without you  
You've got some nerve to think  
That I would give up everything Slow down baby and don't act crazy  
'Coz you know you can look all you want but you just can't touch?  
So slow down baby, I'm not your lady  
Boy, you're never gonna get it from me 'coz I'm with someone Slow it down  
Slow it down  
Ohh, whoa  
Slow it, slow it  
Stop, slow down baby After all of the games you played  
How's it feel to finally get a taste?  
You can dish it out but can you take the bed you've made?  
Go lie in it for a change I'm not falling for your stupid lines  
I know you've used 'em 'bout thousand times  
You say 'em like they were a nursery rhyme  
But I won't buy it, baby, don't you even try You're comin' 'round here  
Like you think that everything's about you  
If you knew anything  
You'd realize I wear a ring Slow down baby and don't act crazy  
'Coz you know you can look all you want but you just can't touch?  
So slow down baby, I'm not your lady  
Boy, you're never gonna get it from me 'coz I'm with someone  
Stop, slow down baby Do you really wanna waste your time?  
Don't you have better things to do in life?  
Hey, yeah, whoa Listen I don't wanna get you down

But I ain't never gonna mess around  
So how many ways do I have to say Slow down baby and don't act crazy  
'Coz you know you can look all you want but you just can't touch?  
So slow down baby, I'm not your lady  
Boy, you're never gonna get it from me 'coz I'm with someone You better stop  
Slow down baby Slow down baby and don't act crazy  
'Coz you know you can look all you want but you just can't touch?  
So slow down baby, I'm not your lady  
Boy, you're never gonna get it from me 'coz I'm with someone Yeah, yeah, yeah  
Ooh, yeah  
Yeah, yeah, yeah  
Stop, slow down baby
