Teddy

Ben Rusch

There's a guy, I want you to know
He's the guy, I love so
He's my Teddy, oh Teddy
I, I love him soOh, I remember the day that we met
I'd be so silly to ever forget
Woo Teddy, oh Teddy
I, I love him soOhh, he is so shy, it doesn't matter
You're my guy, can't you see
That I want you, I need you, I love you, I do
And you belong to meI'll always love you, the rest of my life
We could get married, I'd be your wife
Woo Teddy, oh Teddy
I, I love you soI'll always love you, the rest of my life
We could get married, I'd be your wife
Woo Teddy, oh Teddy
I, I love you so
