

Mo Money Mo Problems

Kamaiyah

Mo money, mo problems
I'm sipping Moet out the bottle
I'm headed to the top from the bottom
But all for my city, I got her
Big dream, whoa
Big wishes, whoa
Big goals, whoa
Check spender, whoa
Young roll, roll
Let's get her, get her
This is for the champagne sippers, what what
Guess jeans, Guess shirt like its 95'
Fresh scene, fresh work lace my Nike's tight
I just came for the fun, I don't like to fight
Drink my champagne straight up, I don't like the ice
When a set see us, fresh linked up
Pull up to the scene in a stretch Beamer
They always used to tell us we was next, we up
Ill YaYa posed a threat, no they can't see her
Now all I do is cash out by the way
The homies in the club, in the act sharing that dank
I don't say too much cause I'm passing the drink
My hands raise them up cause I'm dancing the drink
Don't play with it
Don't play with it
If you're gonna do your dance, gotta sway with it
We forever 21, what's the age to weave?
Forever getting drunk, champagne we drink
Mo money, mo problems
I'm sipping Moet out the bottle
I'm headed to the top from the bottom
But all for my city, I got her
Big dream, whoa
Big wishes, whoa
Big goals, whoa
Check spender, whoa
Young roll, roll
Let's get her, get her

This is for the champagne sippers, what what Hot tubs, champagne cause they go together

Big fur, big chains in the coldest weather
Air Nikes, Fresh J's we don't own Margiela's
Was going to be rich, won't be broke forever, uh
I ask, no I'm sure
I'm the illest little chick that you've seen this far
Brothers make a wish when they see this star
Big money be the cliff, down there we get off
By your own bottle, don't pass the drink
Hood rich, we don't need a glass to drink
No we don't fight, we just dance and mings[?]
By the end of the night need a nasty freak
It's the old school G, in some 90's clothes
Got an old school lean, cause I'm slightly on
Watching people go deep in my 90's phone
Been doing my own thing since like 94'Mo money, mo problems

I'm sipping Moet out the bottle
I'm headed to the top from the bottom

But all for my city, I got her

Big dream, whoa

Big wishes, whoa

Big goals, whoa

Check spender, whoa

Young roll, roll

Let's get her, get her

This is for the champagne sippers, what whatIf you love your whole team and you do your own thing

Say whoa, whoa whoa

If you've got your own dream

Chasing, winter, fall, spring

Say whoa, whoa whoa

If you're down with champagne and the money ain't a thing

Say whoa, whoa whoa

Iced out, bling bling

Big watch, big rings

Say whoa, whoa whoaMo money, mo problems

I'm sipping Moet out the bottle

I'm headed to the top from the bottom

But all for my city, I got her

Big dream, whoa

Big wishes, whoa

Big goals, whoa

Check spender, whoa

Young roll, roll

Let's get her, get her

This is for the champagne sippers, what what
