Patience

The Wild Reeds

You attacked me in my sleep again today.
You grabbed me, and you held me, and I just let my body hang
I let you say what you needed to say
Then I turned from you and walked away."Ohhh-oooo"You woke me from sweet sleep again today,
Moments before the alarm hit, and I told myself to pray
I said some things that I needed to say
Then I wiped my tears and started my day.
I am looking for a sign to tell that I can't forget
And I will learn something even truly
If I could just be patient."Ohhh-oooo, Ohhh-oooo"I tried to finish those words out today.
From the moment that I saw something sweet in your face
I tried to sing what I wanted to say,
But the love we shared has been replaced.
I am looking for a sign to tell that I can't forget
And I will learn something even truly
If I could just be patient
And get over it."Ohhh-oooo, Ohhh-oooo"
