Hated on Me (feat. Future)

Lil Durk

I be tired of these niggas tryna ride da fucking wave
I done put some niggas on they feet around da way
I done put some millions in the traps around the way
I done did so much I make 'em feel some type a way
I want it all, I want it all
For me and my dogs, so we can ball
You see this drip, it's dripping on me
You see this clip, it's hanging on me
Pour up the lean, they hated on me
Pour up the lean, they hated on meI run the check through machines now
I ride around with machine guns
I put a check on a ching chong
Hold up lil nigga I'm King Kong
I go to sleep with the hammer
Fuck watching the TV I'm watching the camera
I'm paranoid high than a hawk
You broke and it ain't my fault
I need it all, I told ya dog, I been running atlas
I'm gutta forever, I fuck on a thot then go fuck an actress
Then I find out you been lying about all the shit you say in your raps
I put the hood on the map, I put the hood on the map
My young nigga just caught a double, they tryna give him the chair
They tryna give him the chairI be tired of these niggas tryna ride da fucking wave
I done put some niggas on they feet around da way
I done put some millions in the traps around the way
I done did so much I make 'em feel some type a way
I want it all, I want it all
For me and my dogs, so we can ball
You see this drip, it's dripping on me
You see this clip, it's hanging on me
Pour up the lean, they hated on me
Pour up the lean, they hated on meBlock nigga, war time, keep a Glock wit 'em
Future Biggie, I'm Pac nigga
Dropping bars in a pop nigga
Appeal money free Aok nigga
I love designer not rap nigga
Diamond water like tap nigga
Fed listening they tap nigga
No green just Act nigga

Never got shot but I put da pole to work
Chopper got a kick back I hope dat yo shoulder work
Young killas 15 and you know I mold 'em first
Free 22, 38 years the state had told 'em first
Spot 'em, got 'em, yeah yeah
I'm a problem, yeah yeah
This my city, hell yeah
And my killers ain't playin' here
