

# Invading My Mind

Jennifer Lopez

It's invading my mind  
And breaking the ice woah  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight woah  
I can't fight it  
It's taken, invaded my, my mind Can't decide, can't define  
What I feel inside  
It's so bad, it's still good  
Prefer and love?  
It's a rush, it's so rough  
This is out of line  
It's a storm and it rock, rock, rocks my world  
My Destiny  
Misery  
Your energy It's invading my mind  
And breaking the ice woah  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight woah  
I can't fight it  
It's taken, invaded my, my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
This feeling's invaded my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
It's taken, invaded my, my mind Like a wild wrecking  
Crushing block block block  
I'm defenseless, it penetrates my walls  
Freezing cold, steaming hot  
Sweaty drip-drip-drop  
It's unstoppable, I can't shake it up  
My destiny  
Misery  
Your energy It's invading my mind  
And breaking the ice woah  
I can't fight it  
This feeling is invading my, my mind

I'm infected tonight woah  
I can't fight it  
It's taken, invaded my, my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
This feeling's invaded my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
It's taken, invaded my, my mind It's taking me down  
And getting me high  
It brings every fantasy to life  
It's getting so loud  
Out here, all around  
And I just can't fight It's invading my mind  
And breaking the ice woah  
I can't fight it  
This feeling is invading my, my mind  
I'm infected tonight woah  
I can't fight it  
It's taken, invaded my, my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
This feeling's invaded my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
It's taken, invaded my, my mind (my mind)  
My mind (my mind)  
My mind (my mind)  
It's taken, invaded my, my mind
