Destroy You (Moxie Youth Remix)

The Filthy Souls

Halos around her eyes and a dynamite walk
Run run you cant catch me up
Exploding like a sunrise that'l burn all you got
Run run you cant catch me up
She knows she's breaking necks in her jackie 'o' shades
Run run you cant catch me upTurning heads knock em dead she'll destroy you
Open mouths in her wake she'll destroy you
Turning heads knock em dead she'll destroy you
She sets her eyes on you and she'll destroy youShe echoes round the room with her dynamite walk
Run run you cant catch me up
Pulling you in close enough to play with you heart
Run run you cant catch me up
If this love is a gun she's calling all of the shots
Run run you cant catch me upTurning heads knock em dead she'll destroy you
Open mouths in her wake she'll destroy you
Turning heads knock em dead she'll destroy you
She sets her eyes on you and she'll destroy youShe's gonna blow you away, shes gonna blow you awayTurning heads knock em dead she'll destroy you
Open mouths in her wake she'll destroy you
Turning heads knock em dead she'll destroy you
She sets her eyes on you and she'll destroy you
