

# Turn Your Light on Me

## The Night VI

My heavy heart  
can't take the weight of what you feel for him, mm-hm  
I know I seem a little more engaged  
than you could be to him They say you can hold on to your heart as we sink into his light  
They say you can hold on to your heart anytime there's two involved Turn your light on me  
in time you'll see the one you wanna be with  
Turn your light on me  
don't play with the feeling that you just gave to me Ahh ah-ah ahh  
Ooh oo-oo-oo I defend a man that is taking what he can  
and gave it all to you  
I stand by him  
only you could be the one to give into his words  
They say you can hold on to your heart as we sink into his light  
They say you can hold on to your heart anytime there's two involved Turn your light on me  
in time you'll see the one you wanna be with  
Turn your light on me  
don't play with the feeling that you just gave to me Ahh ah-ah ahh  
Ooh oo-oo-oo  
Ahh ah-ah ahh  
Ooh oo-oo-oo, ooh I know you know  
that one day we could  
be complete without us You're still miles away Light on me  
Turn your light on me  
Turn your light on me  
don't play with the feeling that you just gave to me Turn your light on me,  
in time you'll see the one you wanna be with  
Turn your light on me  
don't play with the feeling that you just gave to me Ahh ah-ah ahh  
Ooh oo-oo-oo  
Ahh ah-ah ahh  
Ooh oo-oo-oo, ooh
