

Put Me In A Movie

Lana Del Rey

Lights, camera, action
If he likes me, takes me home
Lights, camera, action
If he likes me, takes me home
Lights, camera, action
If he likes me, takes me home
Come on, you know you like
Them
Little girls
Come on, you know you like
Them
Little girls
You can be my daddy,
You can be my daddy
Lights, camera, action
He didn't know he'd have this much fun
Lights, camera, action
He didn't know he'd have this much fun
Lights, camera, action
He didn't know he'd have this much fun
Come on, you know you like
Them
Little girls
Come on, you know you like
Them
Little girls
You can be my daddy,
You can be my daddy
You're my little sparkle jump-rope queen,
You're my little sparkle
You're my little sparkle jump-rope queen,
You're my little sparkle
Lights, camera, action
You know I can't make it on my own
Put me in a movie
(Come on, you know you like little girls)
Put me in a movie
(Come on, you know you like)

You can be my daddy
You can be my daddy
Put me in a movie
You can be my daddy
