XXXTENTACION

Mamita vente, ma-mi-ta
Mamita vente, olvida la gente
SÃ© que tu cuerpo me pide calor
Y sÃ© lo que sientes, la noche te prende
No te preocupes, me gustan mayor
Girl you know you got me feeling you the way you move
Baby bring you closer and let me show you what to do
Move it side to side, I know you want a drink or two
Let me have your body, let me show it what I can do
Mami, eres tÃ° quien me provoca
Cuando chupa ella sÃ- se pone loca
Hazlo lento pero quÃ-tate la ropa
EnsÃ±ame rodillas y abre boca
Mami what you doing all alone in the club?
Baby get your vibe and pour another cup
Girl I wanna get you all alone out the club
Get up on my ride I wanna show you love
Sway you like a lullaby-y-y-y-y
Dance with me through the ni-i-i-i-ight
Back to mi casa baby sli-i-i-i-ide
Let me make you feel alri-i-i-i-ight
Sway you like a lullaby-y-y-y-y
Dance with me through the ni-i-i-i-ight
Back to mi casa baby sli-i-i-i-ide
Let me make you feel alri-i-i-i-ight
Got me caught up in the vibe, now mama let's go
I'm a make you shine in the night time (baby)
Rolling with a star, you could be my angel
Just back that booty up at the right time
I can feel you when you dance, you grabbing on my pants
I'm kissing you in advance, baby live it up
She putting me in a trance
I'm throwing out all my bands
She yelling out this is a jam
DJ turn it up
She want it, she want it
We going hard 'til 6 in the morning
She need it, she need it
I bet the neighbors know my name when she on it
Mami what you doing all alone in the club
Baby get your vibe and pour another cup
Girl I wanna get you all alone out the club
Get up on my ride I wanna show you love

Sway you like a lullaby-y-y-y-y
Dance with me through the ni-i-i-i-ight
