Spirit Bird (Lexer Remix)

Xavier Rudd

Spirit bird
Give it time and wonder why
do what we can laugh an we cry and
we sleep in your dust because we've seen this all before.
Culture fades with tears and grace
leaving us stunned hollow with shame
we have seen this all, seen this all before.Many tribes of a modern kind,
doing brand new work,
same spirit by side,
joining hearts and hand and ancestral twine, ancestral twine.Many tribes of a modern kind,
doing brand new work, same spirit by side,
joining hearts and hand and ancestral twine, ancestral twine.Slowly it fades. Slowly we fade
Spirit bird she creaks and groans
she knows she has, seen this all before she has, seen this all before.Spirit bird she creaks and groans she knows she has,
seen this all before she has, seen this all before.
Slowly it fades. Slowly you fade
Soldier on soldier on my good country manKeep fighting for your culture,
now keep fighting for your landI know its been thousands of years and
i feel your hurt and i know its wrong and
you feel youve been chained and broken and burned
and those beautiful old people
those wise old souls have been ground down
for far too long by that spineless
man that greedy man that hearless
man deceiving man government hand taking blood
and land taking blood and land and still
they can but your dreaming and your
warrior spirit lives on and it is so so so strong
in the earth in the trees in the rocks in the water
in your blood and in the air we breathSoldier on soldier on my good country man,
keep fighting for your children now keep fighting for your land
Slowly it fades slowly we fade slowly you fade slowly it fades
Give it time and we wonder why do what we can laugh
and we cry and we sleep in your dust because we've seen it all before
