

# Spirit Bird (Lexer Remix)

## Xavier Rudd

Spirit bird  
Give it time and wonder why  
do what we can laugh an we cry and  
we sleep in your dust because we've seen this all before.

Culture fades with tears and grace  
leaving us stunned hollow with shame  
we have seen this all, seen this all before.Many tribes of a modern kind,  
doing brand new work,  
same spirit by side,  
joining hearts and hand and ancestral twine, ancestral twine.Many tribes of a modern kind,  
doing brand new work, same spirit by side,  
joining hearts and hand and ancestral twine, ancestral twine.Slowly it fades. Slowly we fade  
Spirit bird she creaks and groans  
she knows she has, seen this all before she has, seen this all before.Spirit bird she creaks and groans she knows  
she has,  
seen this all before she has, seen this all before.  
Slowly it fades. Slowly you fade  
Soldier on soldier on my good country manKeep fighting for your culture,  
now keep fighting for your landI know its been thousands of years and  
i feel your hurt and i know its wrong and  
you feel youve been chained and broken and burned  
and those beautiful old people  
those wise old souls have been ground down  
for far too long by that spineless  
man that greedy man that hearless  
man deceiving man government hand taking blood  
and land taking blood and land and still  
they can but your dreaming and your  
warrior spirit lives on and it is so so so strong  
in the earth in the trees in the rocks in the water  
in your blood and in the air we breathSoldier on my good country man,  
keep fighting for your children now keep fighting for your land  
Slowly it fades slowly we fade slowly you fade slowly it fades  
Give it time and we wonder why do what we can laugh  
and we cry and we sleep in your dust because we've seen it all before
