The Same Thrill

Scorpions

I remember when my teacher said
"How you wanna make your life?"
I said, "I can play guitar
And it will be alright, listen"When I came out of school
They said, "Which way you wanna go?"
But there was no way strong enough
Compared with rock 'n' rollTo get the same thrill
To get the same thrill
To get the same thrill
To get the same thrillAny how I've found a job
They tried to break me with their rules
But they had no chance at all
'Cause I knew what to doTo get the same thrill like rock 'n' roll
To get the same thrill like rock 'n' roll
To get the same thrill like rock 'n' roll
To get the same thrill like rock 'n' rollI had a feeling they couldn't buy
Still got that feeling, they still can't buy
They still can't buy, they still can't buyTell me the alternative
To what I'm doing, but I guess
There's no other way of life
Which is strong like thisTo get the same thrill like rock 'n' roll
To get the same thrill like rock 'n' roll
To get the same thrill like rock 'n' roll
