

You May Know Him

Cat Power

Oh Lord, for Heaven is the name that You sent me
Oh Lord, for Heaven is the name that You gave him
And then he came to life and he lived, all others strange because
Who could have thought that You meant so much to me Oh Lord, but Heaven is the name that You gave him
Surprised by the rise in sin
And You came through over and over again Lord, Heaven is the place that You sent him
And You may know him, You may know him, only You
Only You Lord, I've never doubted for an instant
If we did what You say and we do it everyday
If we did what You say and we do it everyday, oh Lord
Heaven is the place he believed in, that's all You can do Lord, Heaven is the name that You sent me
Oh Lord, surprised by the rise in sin
You came through, You came through
