Good Morning

Auryn

Good morning. Thatâ€™s what she said
I said if itâ€™s so good then why do I feel dead?
Itâ€™s gray outside and Iâ€™m gray inside
this house is strange and empty
without the smell of old spice

Good morning. I made you eggs
She said Iâ€™ll drive you to school even if it makes me late
I know right now youâ€™re angry.., dealt a short hand,
and itâ€™s ok if you blame me.., some day youâ€™ll understand

And then she said I love you yeah thatâ€™s what sheâ€™d say
I love you. Yeah I love you any way
I love you. Iâ€™ll love you through the pain
Alway know I love you. I love you just the same.

Good morning. Could you help me now?
She said Iâ€™m tired and Iâ€™m aching
and itâ€™s flooding in the house.
I know itâ€™s awful early but could you lend a hand
Iâ€™m feeling kind of helpless and youâ€™re the only man

But seeing it was useless and thinking I had all the brains
I left her there pleading as I stepped out in the rain

But still she said I love you (chorus)

Good morning. Iâ€™m glad youâ€™re home.
She said I missed you. Now that youâ€™re on your own.
Iâ€™m happy that you found your.., found your place
I always told you.., youâ€™d be a star someday.

Chorus
